APPROVED:

Jeff Barratt
Executive Director

Application:

This procedure applies to 2012-2013 academic year.

Background:

Institution of higher education that receives Federal Title IV Funds is required by the U.S. Department of Education to define and enforce standards of satisfactory academic progress. Satisfactory Academic Progress measures a student's performance in the following three areas: cumulative completion rate, cumulative grade point average (GPA), and maximum time frame. The Financial Aid Office at Emily Griffith Technical (EGTC) is responsible for ensuring that all students applying for or receiving federal, state of Colorado, or designated institutional financial aid funds, are meeting these standards. The Standards of Satisfactory Academic Progress apply for all applicable financial assistance programs including Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), as well as assistance from the state of Colorado and the college.

Introduction:

Emily Griffith Technical College will review the cumulative academic progress of financial aid applicants enrolled in an eligible certificate program. The purpose of this review process is to determine whether a student is making satisfactory progress towards their educational goal in both qualitative and quantitative measurements. The qualitative measurement consists of the cumulative grade point average as determined by Emily Griffith Technical College Standards of Academic Progress. The quantitative measurement contains two components: (1) the cumulative completion rate of credit hours completed versus credit hours attempted expressed as a percentage rate of completion and (2) the maximum timeframe allowed for a student to complete their certificate program expressed as a percentage of total credits required.

Review of Satisfactory Academic Progress will take place at the end of each semester.

Federal regulations require that a student's entire academic record be reviewed for satisfactory academic progress, whether or not financial aid was received. This includes those institutions that offer academic amnesty programs that exclude previous grades from being calculated into their current GPA. All applicants will be evaluated in the same manner, whether or not they have previously received financial aid at that institution. (See Article VI for information on Review of Satisfactory Academic Progress for First Time Financial Aid Applicants).

Satisfactory Academic Progress Criteria

Section 4.01 In order to meet satisfactory academic progress requirements financial aid applicants and recipients must meet the qualitative and quantitative measurements outlined below.

(a) Cumulative GPA Requirement

(i) Students must maintain a minimum cumulative grade point average of 2.0 for all credits attempted.

(b) Cumulative Completion Rate

(i) Students must complete at least 67% of cumulative attempted credit hours. The completion rate is defined as the percentage of the total number of credits completed divided by the total number of credits attempted over the entirety of a student's academic record at the school performing the calculation.

$$(\text{Credits Completed} / \text{Credits Attempted}) \times 100 = \text{Completion Rate}$$

(ii) Transfer credits on the student's record are included when computing the student's completion rate.

(iii) Remedial credits are also included in the calculation of the cumulative completion rate.

(c) Maximum Time Frame

(i) Once students have attempted 110% of the number of credit hours required for their eligible certificate program, they will be sent a warning letter. This letter will explain to the student that they will be on suspension when their total attempted credits are 150% of their total program credits.

(ii) Federal regulations allow financial aid recipients to receive financial aid for a maximum number of attempted credits. Students attempting credits in excess of 150% of the required number of credits to complete their program of study will be suspended. If at any point in time it is determined that a student cannot complete their program of study within 150% of the program length, financial aid eligibility will be suspended.

(iii) Transfer credit hours are included in the calculation of allowable maximum

time frame.

(iv) Attempted credit hours under all courses of study are included in the calculation of attempted and earned credit hours.

(v) Clarification from the U.S. Department of Education (Federal Student Aid Handbook, Volume 1 – Student Eligibility 2006-2007, Chapter 1, p. 1-4) states that up to 30 credit hours of "for credit" remedial coursework are allowed when determining enrollment status. Therefore, as a policy statement of EGTC, up to 30 credit hours of remedial credits will not be included in the calculation when determining if the student has exceeded the maximum time length (150% of the hours required) for the declared program of study, provided that the courses are not applicable to the declared program of study.

(vi) The U.S. Department of Education (Federal Student Aid Handbook, Volume 2 – Program Eligibility 2006-2007, Chapter 4, p.2-53) states that institutions are required to define the effect of ESL courses on SAP. As a policy statement of EGTC, ESL classes will only be ignored in the maximum time length (150% of the hours required) calculation for SAP.

Definitions of Satisfactory Academic Progress Status

Section 5.01 Review of Satisfactory Academic Progress will be done shortly after the stated due date for grades at the end of each academic term. Students who fail to meet either the quantitative or the qualitative criteria will be placed on financial aid warning or suspension according to the following guidelines and will be notified electronically or in writing of their status. However, Satisfactory Academic Progress may be overridden by the department program policy.

(a) Good Standing: Student is eligible to receive all types of aid

(i) Student has cumulative GPA at or above 2.0. Some scholarship programs may require a cumulative GPA higher than 2.0 for continued eligibility.

(ii) Student has cumulative completion rate at or above 67%.

(iii) Student has not attempted more than 150% of required number of credits for enrolled certificate program.

(b) Warning: Student was previously in Good Standing but failed to meet one of the SAP criteria stated below. Student will continue to receive aid while on warning status.

(e) Academic Plan: Student who has eligibility reinstated under an academic plan and is successfully following that plan is eligible to receive financial aid while following the approved academic plan.

(i) Student on academic plans will have their eligibility reviewed at the end of each term according to the approved academic plan.

Review of Satisfactory Academic Progress

Section 6.01 First time financial aid applicants who are found to not meet the cumulative GPA and/or cumulative completion rate criteria will immediately be placed on warning status for the first semester. First time applicants who are found to not meet the cumulative GPA and/or cumulative completion rate criteria due to withdrawn or failed all courses will immediately be placed on suspension and will be required to appeal for financial aid consideration. First time applicants who are found to not meet the maximum time frame criteria will immediately be placed on suspension and will be required to appeal for financial aid consideration.

Section 6.02 At the end of each semester the Financial Aid Office will review the student's academic history for: 1) cumulative GPA requirement 2) cumulative completion rate and 3) maximum time frame.

Section 6.03 Students who fail to meet Satisfactory Academic Progress criteria will be placed on financial aid warning or suspension and will be notified of their status.

Section 6.04 Students on warning or probation who meet Satisfactory Academic Progress criteria in a subsequent term as outlined in Article V will be reclassified as “In Good Standing”.

Complete and Incomplete Credits/ Repeats

Section 7.01 EGTC will define assigned grades and their interpretations.

- (a) Grade symbols of A, B, C, D, and S earned during the Fall, Spring, and Summer will be considered acceptable for courses completed and for Satisfactory Academic Progress consideration.
- (b) Grades of F, U, I, W, and IP earned during the Fall, Spring, and Summer will not be considered acceptable for Satisfactory Academic Progress.
- (c) Courses repeated by students are counted for all qualitative and quantitative Measurements.

Grade Changes

Section 8.01 Students are responsible for notifying the Financial Aid Office of all grade changes that might affect current or future financial aid eligibility.

Section 8.02 A reevaluation of a student’s status will be performed by the Financial Aid Office once the grade change has been communicated to the Financial Aid Office.

Student Financial Aid Academic Progress Appeals

Section 9.01 EGTC is required to have a primary and a secondary process for students to appeal a suspension. All decisions made at the secondary level are final. The primary and secondary level will be defined by the institution. A student may appeal when they have been placed on financial aid suspension. These appeals must be submitted to the Financial Aid Office with a completed appeal form and supporting documentation. An appeal form may be obtained from the Financial Aid Office or from the institution’s website. The student is responsible for presenting sufficient information and documentation to substantiate the existence of extenuating circumstances.

Section 9.02 Appeals must include the following information:

- (a) Why the student failed to make satisfactory academic progress
- (b) What has changed that will allow the student to make satisfactory academic progress at the end of the next term

Section 9.03 Appeals may be filed for extenuating circumstances, such as:

- (a) Medical problems (family illness)
- (b) Family emergency (death of a family member)
- (c) Other documented extenuating circumstances beyond the student’s control

Section 9.04 Students may also appeal on the basis of:

- (a) Extension of the maximum allowable credit hours for the currently enrolled program,
or
- (b) Funding for an additional certificate

Appeals of this nature will require the student to meet with an academic advisor or counselor to discuss the number of attempted credit hours beyond the certificate requirements and/or the educational purpose of a subsequent certificate. A certificate completion evaluation signed by an academic advisor or counselor must be submitted with the appeal. This evaluation must list only the courses needed for the student to complete the certificate.

Section 9.05 EGTC may approve a suspension appeal if the college:

- (a) Has determined the student will be able to meet SAP standards at the end of the subsequent term, or
- (b) Develops an academic plan with the student that, if followed, will ensure that the student is able to meet SAP standards by a specific point in time.

Section 9.06 Students will be notified of the outcome of their appeal. If classes are in session, the student with a successful appeal will be placed on probation for the current term. For appeals approved between terms, the student will be placed on probation for the next current term. Under no circumstances can probation be assigned to a prior term.

Section 9.07 Reinstatement of aid: Students who lose financial aid eligibility because they are not meeting the school's satisfactory academic progress standards will regain eligibility when they are again meeting the qualitative and quantitative standards as set previously in this policy. They will also regain eligibility by successfully appealing a determination that they were not making satisfactory progress. Upon successful reestablishment of eligibility, the student will be awarded financial aid based on the availability of funds at the time of reestablishment. Students may, or may not, receive all funds awarded prior to the loss of eligibility.
