EdReady Learning Path

Students who complete an EdReady Learning Path by meeting their program's target score may submit their results for program admission. Please visit <https://www.emilygriffith.edu/assessment/> for instructions.

Conditional Admission

High school seniors who have completed a full semester of their senior year may submit a current transcript to meet program requirements for conditional admission. This will allow students to pre register for classes in a program that starts in August of their graduation year. Students will not be fully enrolled until they submit a final transcript that meets the program's minimum GPA requirement. Students who do not submit a final transcript or whose final GPA does not meet the program requirement will be dropped from the program.

Effective 5/1/2020. Revised 5/20/2021.
